STATEMENT IN SUPPORT OF PRE-APPEAL BRIEF REQUEST FOR REVIEW

Mail Stop AF
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In support of the Pre-Appeal Brief Request for Review filed concurrently herewith, the Applicant, through undersigned counsel, hereby makes the following statement.

The present claimed invention involves measuring a peripheral pulse volume per length *PV* in the limb of the patient. The Final Rejection alleges that *Raines* teaches that limitation in column 6, lines 31-36. However, that portion of the specification actually teaches merely measuring “the amount of blood flowing beneath it with each heartbeat.” There is no teaching or suggestion to measure peripheral pulse volume *per length*. Therefore, the claims are not anticipated.

The Applicants further traverse the rejection of claims 2, 3, 8, 17, 18 and 23 under 35 U.S.C. § 103(a) over *Raines* in view of *Chio*. Since *Chio* does not overcome the

above-noted deficiency of *Raines*, the present claimed invention would not have been obvious over the combination of references. Moreover, with regard to claims 18 and 23, *Chio* calculates compliance in a different way, i.e., dV/dP rather than PV/PP .

In light of the above, the Applicants respectfully submit that the application is in condition for allowance. Notice of such allowance is earnestly solicited.

Please charge any shortage of fees, or credit any overpayment thereof, to BLANK ROME LLP, Deposit Account No. 23-2185 (117622-00105). In the event that a petition for an extension of time is required to render this Amendment timely, and in the event that a separate petition either does not accompany this Amendment or is insufficient to render this Amendment timely, the Applicants hereby petition under 37 C.F.R. § 1.136(a) for an extension of time for as many months as are required to render this Amendment timely. Any fee due is authorized above.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read 'D. Edmondson', written over a horizontal line.
